FOR IMMEDIATE RELEASE

Humane Society of North Texas Joins Pets for Patriots Program with Generous Donations for Veteran Adoption Fees

June 12, 2024 – Fort Worth, Texas: The Humane Society of North Texas (HSNT) is proud to announce its partnership with Pets for Patriots, a national nonprofit organization dedicated to helping veterans and military members find their perfect pet companions. As part of this partnership, HSNT has received an initial donation from two individual donors, who are United States military veterans themselves, totaling \$3,300. These donations are specifically designated to cover adoption fees for veterans, allowing them to welcome a new furry friend into their lives at no cost.

Starting June 1, 2024, veterans and military members who qualify for the Pets for Patriots program will have the opportunity to adopt a pet from HSNT without having to worry about adoption fees. This generous donation will enable HSNT to make the adoption process more accessible and affordable for those who have served our country.

"We are thrilled to partner with Pets for Patriots to support our veterans and military members in finding lifelong companionship through pet adoption," said Destiny Vandeput, Director of Communications at HSNT. "We are incredibly grateful for the two veterans who generously donated the initial funds to cover the launch of this program that will allow us to give back to those who have sacrificed so much for our country."

Pets for Patriots provides a variety of benefits to veterans who adopt through their program, including access to discounted veterinary care and ongoing support to ensure a successful adoption experience. By partnering with Pets for Patriots, HSNT aims to make the adoption process as seamless and rewarding as possible for veterans and their new pets.

Veterans and military members interested in adopting a pet through the Pets for Patriots program can contact the organization directly to get pre-approved. HSNT staff will be available to assist with the adoption process and answer any questions veterans may have about the program.
